## A MESSAGE FROM THE MAYOR AND CITY COUNCIL REGARDING THE

### Calmar Wastewater Treatment Plant Upgrade

**If you haven't noticed, work is progressing on our treatment plant upgrade. Blazek Corporation is the general contractor for the project. All phases of construction have been hampered by wet weather conditions.**

**Currently the large cell is under re-construction and we are waiting for the contractor to come and replace the liner. They need five consecutive days with no rain and above 50 degrees. Hopefully we will still have some nice fall weather so this can be completed.**

**This is a three million dollar project which was mandated by the IDNR. All sewer rate increases have been implemented, there are no plans in the immediate future for other increases.**

**The building currently under construction is the blower/uv light building for disinfection and aeration of the lagoons. The sagr system, which consists of four big holes in the ground filled with special rock and topped with mulch will treat for ammonia.**

**FALL REMINDERS!**

PLEASE be a considerate neighbor, and a good citizen—do not rake or blow your leaves into the street. They'll just travel from our neighborhood to

Winter weather is here. There are many issues to remember concerning snow. Be sure to drive and walk carefully. Slick conditions are beyond our control and can set in very fast. If you don't have to be out during a storm, please stay in and stay safe. The City crew goes out to work on the streets when the snow accumulates, is blowing or drifting to affect traffic, or there are icy conditions, needing sanding.

Remove all vehicles from the street parking areas during a winter storm if you can. Don't place them back on the street until the snow has stopped and the street has been plowed. The snow plows are much more effective when they can pass through the street easily and straight along the side of the road. Vehicles on the street must be moved every 24 hours, regardless of weather conditions. When snow accumulates and you must leave your vehicle parked on the street, park on the even side of the street until snow is removed, then move the vehicle

**TRICK—OR—TREAT  
IN CALMAR**

**Will be observed on the traditional night of
